ERIC CILIBERTI, M.D., MS

Neurologist

Dr. Eric Ciliberti, M.D. is a board-certified physician specializing in Neurology and has nearly 30 years of experience in the medical field. Dr. Ciliberti received his medical degrees from several prominent universities, including a Bachelor's degree in Psychology at Emory University, a Master's degree in Physiology at Georgetown University and a Doctor of Medicine from Tulane University. He has trained with world-renowned leaders during his Neurology residency at the prestigious Cleveland Clinic and is also one of only two Neurologists completing residency training as

a Neuro-ophthalmologist in the South Florida. Dr Ciliberti is also the only regional Neuro-ophthalmologist that also has residency training in Ophthalmology.

Dr. Ciliberti completed subspecialty fellowship training in Neuro-ophthalmology with two of Bascom Palmer Eye Institute's most prominent professors of Neuro-ophthalmology. He is an active member of the American Academy of Neurology, Association for Behavioral and Cognitive Therapies, and is the founder of the American Behavioral Research Institute. Dr. Ciliberti served our country in the United Space Air Force Reserve and has received numerous awards including the Bausch and Lomb Honorary Science Award, Outstanding Young Men of America, and the **James H. Allen Award.**

We welcome you to our practice and look forward to working with you in providing professional eye care.
